

Dear Sir / Madame.

We are searching for a UE Partner to implement cultural project. The main idea and goal is to make inhabitants more active in creating or taking part in cultural life of the region. Their project will take part in a contest during the grand finale and the authors of the best one will be awarded with the special prize which is a participation in the abroad study visit (to our UE partner's country).

Please, take your time to read more about the project which is included below. Don't hesitate to contact us for any further information on: [s.wyrzykowska@pds.org.pl](mailto:s.wyrzykowska@pds.org.pl). The plan below should be considered as a draft which can be modified if needed.
